vyara.design

SUMMARY

Designer with eight years across identity systems, campaigns, and digital — grounded in an industrial-design and engineering education, so the craft holds up from first concept through to production. Currently leading design for LG Electronics in Germany, taking campaigns from initial idea to launched, market-ready asset.

EXPERIENCE

HS Ad | LG Electronics Germany

Lead Digital Designer

Jan 2024 – Present

- Lead design for LG Germany's campaigns end to end — owning concept, art direction, and final assets from brief to launch
- Concepted and delivered design across 37+ campaigns, holding a consistent brand voice across every market touchpoint
- Coordinate three concurrent campaign streams — scoping work, setting priorities, and aligning stakeholders to hit launch dates

Digital Designer

Mar 2022 – Jan 2024

- Delivered up to ~200 static and motion assets a month across LG product launches, balancing speed with brand consistency
- Produced website content, product 3D renders, and localised materials for the German market
- Adapted global campaigns for Germany — brand integrity intact, locally resonant

Retail chain MyMarket Ltd.

Graphic Designer

Feb 2019 – Aug 2021

- Established the company's first in-house design function from the ground up
- Designed every customer touchpoint — catalogues, brochures, fleet and store branding, billboards, web
- Steered vendors and stakeholders to deliver 21 projects on schedule

Freelance

Graphic Designer

May 2018 – Feb 2019

- Built brand identities end-to-end — logos, stationery, print collateral
- Produced roll-up banners, in-store signage, and event materials for local businesses
- Ran every project solo — client comms, planning, design, delivery

EDUCATION

Technical University of Varna

Master in Industrial Design

Sep 2019 – May 2021

- Advanced product design and eco-design
- Computer animation and video
- Contemporary technologies in design

Technical University of Varna

Bachelor in Engineering Design

Sep 2014 – May 2018

- Graphic and industrial design
- Art history and interior design
- Fine arts — sketching, glass painting, and stained-glass technique
